

HRH Princess Haya Bint Al Hussein  
President  
F.E.I

Quito, February 19, 2009

Your Royal Highness,

*It is of great pleasure to report you on the success of our II COPA MITAD DEL MUNDO, a CSI minor event with Borrowed Horses organized by the Ecuador National Federation.*

*We presented this event to you at the last General Assembly in Buenos Aires. Our project consisted on having a FEI International Jumping Event with the support of the FEI Development Department and launched it as an "Educational Jumping Event".*

*We sent the invitations to NFs from Groups IV, V and VI and they choose their best riders for this competition. We had 17 countries participating and 55 foreign riders.*

*It was mainly dedicated to Children and Junior categories.*

*FEI Officials like Yolanda Matallana, Pablo Mayorga and Cesar Hirsch, helped reassure that FEI rules were applied at all times. For many riders this was their first international competition and we were pleased to give them not only the international ambiance, but the real FEI international experience.*

*On the other hand, Jacqueline Braissant with the help of Liam Moggan and Jean Philippe Cambouives, Tutors from the FEI Coaching System, organized for the coaches that came for the event, an intense educational week.*

*On Monday, the day preceding the II Copa Mitad del Mundo, they gave a Forum with a workshop where they had 34 coaches from different countries attending and once the show begun, they had debriefings every day after competition; it was rewarding to see how more and more coaches were appearing every day.*

## **FEDERACIÓN ECUATORIANA DE DEPORTES ECUESTRES**

"Afiliada a la Federación Ecuestre Internacional"

*Everyone left impressed with the high quality of the event, besides the many social and touristic activities we organized for our guests. You can imagine how gratifying it was to see the confraternity among at least one hundred youngsters from the Americas.*

*We would like to express our gratitude to you for giving us the FEI support on our project. You have our commitment to work even harder next year on the III Copa Mitad del Mundo and hopefully we will have your support and continue to work with the FEI Development Department to bring more wonderful and educational experiences to our participants.*

*We sincerely hope that we can meet in a near future and have the opportunity to thank you personally.*

*Kindest regards.*
